Select Activities to Resume to Sunscap RV Resort

Greetings from your Activity Directors. We have once again met with Larry and he is ready to ease back into some more activities. While not all activities will resume immediately, the weekly schedule below are the activities that will be allowed to proceed. Additional activities will be permitted in future weeks if things progress without further health issues.

While these activities are being permitted, it is imperative that we all follow the recommended health protocol as follows: Everyone participating in activities **must** always wear a mask properly at all times; social distancing whenever possible; and all indoor events will still be limited to 50 people.

We will continue to stress the importance to sign up for any activity you are interested in attending so that we can properly plan for attendee limitations and we can accurately let our outside vendors know how many people will be in attendance.

A special note: The quilt give-away that had been planned to be drawn on New Year's Eve will be extended until the Town Hall meeting on Tuesday, March 2nd. Remember, the park had a Quilt donated by Tropic Internet services to be used as a fundraiser for park activities. Due to the Covid shutdown we haven't had the opportunity to properly promote the fundraiser. We would like to increase the interest in this beautiful quilt. We will plan to have the quilt and tickets available at the next Town Hall. If you are interested in this 'Game of Chance' tickets are being given for a \$10 donation and will be available until the drawing in March.

Activities listed below that have a line through them are typical weekly activities that have not had clearance from the park managers to resume, as of this publishing.

The **Pool** will reopen on Saturday, January 2, if it is up to temperature. The **hot tub** is currently open.
