### Welcome to a New Season at Sunscape

Greetings from your Activity Directors, We are delighted to be able to join Sunscape RV Resort and are here to help you enjoy your winter season. Due to the many changes brought about by the pandemic concerns, we are experiencing many changes to the schedule of events for the coming season. Many of the vendors that had previously committed to joining us this season have had to change their plans. And, of course, we have had to change the way we conduct some of our activities to comply with current restrictions to keep our residents safe. **Current restrictions include that only 50 people can be in a building at a time and everyone should be wearing a mask.**

**Please remember how important it is this year to sign up for any activity you are interested in attending. We need to purchase the accurate amount of food and it is imperative we adhere to the 50 person limit in our buildings.**

For those who refer to the Park model for sale or rent book, the book has been relocated to the Welcome Center. Any updates or additions can be completed in the Welcome Center.

We would like to hear from all the inter-park activity coordinators and would like you to inform us as to what and how you would like your events listed within this communication. You will find the form outside of the Activity Office door.
